Temporary Truces: How America’s Handling of the Barbary Bullies Molded the U.S. Navy

Process Paper: 499 Words
Throughout my National History Day experience, I encountered many stages. First, I had to find a topic that interested me. I hoped to research Michigan and its compromises for marine life conservation, and the protesting that took place previous to it. After further looking into this, however, I concluded, IT WAS SLIGHTLY BORING. One day, I was explaining to my mom that I wanted to do, “something involving water.” She said, “what about pirates?” I stood in awe at the possibilities. The Naval battles, the thieving adventures, but I soon determined that pirates were not like in Hollywood. They were cruel and barbaric. I fell in love with the story of it, the history.

I decided on the Barbary Pirates. At first, it was a bit much to wrap my head around. After all, the events I was researching took place over 23 years. It was fun researching sea captains, battles, ships, and I felt as if I was a part of the story myself. I emailed seven historians requesting help with my journey, and two responded. Dr. Tiffany Brooks, historian and researcher for the book *Thomas Jefferson and the Tripoli Pirates*, by Don Yaeger and Brian Kilmeade, and Benerson Little, expert on the golden age of piracy. It was so surprising that these busy adults would pay attention to someone like me, an 8th grader who loves history.

My main struggle was actually fitting it all in. I love to write, and sometimes I get a little carried away. On the first adaption of my script, I wrote 3328 words. My goal was 1440. I wanted to believe that I could simply trim the fat. I wanted to fit every little detail in. But when you have to lose half your weight in a week, you aren’t going to go on the treadmill, you’re going to amputate your leg. I was removing so much I decided to later make a “director’s cut” just so I could stomach the loss of my precious story. I ran out of things I could bear to delete and
enlisted the help of my teachers and my mom to help cut it down to size. I used iMovie to put it all together, and my NHD mindset once again took ahold of me. Once I had surpassed the regional competition, I looked through the recording of me answering the judges, studying the answers I had not known and tweaking my documentary. After that, I passed the state competition and won a cash prize for best entry pertaining to U.S. Maritime history. I was astounded that I was able to advance despite so much competition. I contacted Dr. Brooks again, and requested a professional video interview. She agreed, and it was amazing to be part of the process of recording a professional interview using advanced equipment in order to get a finished product. I went back to work on my Documentary, and once I had my 7th Version complete, I packed for nationals.

American ships sailing through a battlefield. *Metro Postcard*,

This image of American vessels sailing through the disturbed waters past sinking ships tells a story in itself. It is needed for my Documentary because it once again emphasizes the strength the newly established U.S. Navy possesses, proving my thesis to be true.\(^1\)

www.q-files.com/images/pages/images/1120/p18av535mh1u411coasvd2no199r8.jpg. Accessed 3 Mar. 2018. This illustration of animals sharing a ship with pirates gives a small glimpse of what Captain William Bainbridge and his crew had to deal with for 23 days, not to mention the 200 slaves and servants. This is necessary for my documentary because it helps the viewer visualize all the other near 197 animals on the boat as well, and how cramped it would be, not to mention the humiliation.\(^2\)

www.paintings-directory.com/buy-posters.php?zoom=4051514. This picture showing Arouji, a brother of Barbarossa, attacking the treasure galleys of Pope Julius II, in 1504. Although it is not the same time period, it is a well-known image of one of the most famous Barbary pirates, Arouji, attacking a ship. This image is important to my
documentary because it shows the violence and fear of the victims, and at the same time, it gives the viewer a real sense of the terror pirates induced on seamen.

Barbarossa capturing an armed galley of the Papal States. Heritage History, www.heritage-history.com/index.php?c=resources&s=war-dir&f=wars_barbary. Accessed 11 Jan. 2018. This Color Lithograph is valuable to my documentary because of the show of power the pirates are making. The victims are basically defenseless, as can be seen by the viewer, and this shows how the Barbary Pirates might have attacked American ships centuries later.

“The Barbary Treaties 1786-1816 Treaty of Peace and Amity, Signed at Tripoli June 4, 1805.” The Avalon Project, avalon.law.yale.edu/19th_century/bar1805t.asp. Accessed 1 Mar. 2018. This typed copy of the Treaty of Amity between America and Tripoli is necessary because it shows the real compromises that Tobias Lear was willing to meet in order to achieve peace for his country, even though he ended up just prolonging conflict further. It also intersted me that many agreed with his desicion, even though we can so clearly see today that he should not have settled, betraying General William Eaton and Hamet, the rightful Bashaw.

Ship sailing into the Horizon. Adobe Stock, Adobe, www.worldtranslationcenter.com/wp-content/uploads/2016/10/AdobeStock_90054675.jpg. Accessed 2 Mar. 2018. This image of an older naval vessel sailing into the horizon during sunset is very moving, and it is pleasing to the eye. By using this in my documentary I can attract attention, and I can draw power from this into the Mariner’s Hymn, which will be playing during this images showing.\textsuperscript{64}

Tiffany Yecke Brooks, PhD, an eight-time New York Times best-selling author (left), was the guest speaker at a recent Searcy Lions Club meeting. This picture of Dr. Tiffany Yecke Brooks, a researcher for Thomas Jefferson and the Tripoli Pirates, is important because I need to show a picture of her when I quote her, so that the audience to my documentary can feel more connected to her and the story.\textsuperscript{65}

“U.S. Timeline - The 1780s, 1780-1789.” *Americasbesthistory.com*, americasbesthistory.com/abhtimeline1780.html. Accessed 14 Feb. 2018. This source was important to my NHD project because it helped me wrap my head around all of the events that took place during the first and second Barbary war. Since my topic takes place over nearly 40 years, I need a lot of these timeline sources to help me keep the dates straight, so I can create a more accurate documentary chronologically. This particular website branches off to 4 different timeline pages, each one covering 10 years. This page displays the events from 1780-1789 that majorly contributed to the structuring of America. The engravings and paintings along with helpful captions on this site are very helpful visuals in my Documentary.

U.S. Timeline - The 1790s, 1790-1799. *Americasbesthistory.com*, americasbesthistory.com/abhtimeline1790.html. Accessed 14 Feb. 2018. This source was important to my NHD project because it helped me wrap my head around all of the events that took place during the First and Second Barbary War. This page displays the
events from 1780-1789 that majorly contributed to the structuring of America. The events I’m looking for are any Overseas or International events that might have impacted my topic. I noticed that more and more conflicts are arising in these next years than in the previous decade.  

“U.S. Timeline - The 1800s, 1800-1809.” Americasbesthistory.com, americasbesthistory.com/abhtimeline1800.html. Accessed 14 Feb. 2018. This source was important to my NHD project because it helped me understand the impact that events which took place during the First and Second Barbary War had on Early America and the New Navy. This page displays the events from 1800-1809 that had the most impact on America, and this decade was saturated the most with armed barbary conflict. The reason for this is because this is when America tried to stand against Barbary and establish a treaty, after their previous treaty failed because of insufficient tribute.  

“U.S. Timeline - The 1810s, 1810-1819.” Americasbesthistory.com, americasbesthistory.com/abhtimeline1810.html. Accessed 14 Feb. 2018. This source was important to my NHD project because it solidified my thinking about the Second Barbary War, and the reasoning for it. This page displays the events from 1810-1819 that majorly contributed to the structuring of America, specifically, the Second Barbary War and the War of 1812, which both play huge roles in my topic.

A variety of images depicting anything from tribute being handed over to the piratical leaders, to a picture of slaves in shackles. *Pinterest*, www.pinterest.co.uk/pin/484418503650709613/. Accessed 1 Mar. 2018. Pinterest, the website that I am using for a variety of images, is a broad database of many images, both current and historical. In my project, I found many of my resources under this branch of visual recordings and images of great power. Some examples of these are the engravings Pierre Dan created, they symbolize and record his emotions and experiences as a slave. It is also important to my documentary because it shows many instances of Naval Vessels clashing, which is basically what my topic is about. Additionally, many basic resources such as images of authentic pirate coins from museums are readily available for my use.72

the untrustworthiness of the Barbary Pirates, going with the story of five false surrenders before a true defeat. Its’ importance is great to the visual story of my documentary.73

After all of my extensive research, one thing still seemed slightly fuzzy to me. Where did the XYZ Affair fit into the Conflicts with the Barbary Powers? I used this website Primarily to create a concrete understanding of the XYZ Affair and the Quasi-War. The XYZ Affair and the Quazi-War did not have to do with the Barbary Powers but instead was one more problem the U.S. had to deal with during the time the Barbary Corsairs were attacking.74

Yaeger, Don, and Brian Kilmeade. Thomas Jefferson and the Tripoli Pirates: the forgotten war that changed American history. Sentinel, 2015. This source was invaluable to my documentary because of its plentiful details and descriptions of America’s first overseas conflict. The times and dates, as well as names, are crucial to the accuracy of my information.75
